This week...

- We had a good week for Sales considering Fresh issues at the moment, so a big well done to everyone!!!! We need to continue with the E-learning until we get over 100% and we are currently at 80% any issues with login please let me or Nick know.
- We were over our waste by £125 last week, I feel we are moving in the right way and we will get there. We need to reduce things earlier so that we aren't reducing them at 75% as that would help our waste and our markdown percentage. We are more than capable of hitting these targets every week with the team that we have in Denvilles!
